NO. 215

WOULD STOP FRAUD

WEST PLAINS COMMERCIAL CLUB
WORKING FOR NEW LAW.

FORTY STATES HAVE LAW

Missouri Without Necessary Legisla-
tion to Prevent Fraudulent Trans-
fers of Stock of Goods.

The Commercial club of West Plains, Mo., is undertaking an aggressive campaign in the interest of laws to prohibit the fraudulent sale of stocks of merchandise to the wholesalers or retailers. The club is mailing out circular letters and copies of resolutions to the other commercial clubs and to the newspapers of the state, asking them to write their representatives in the state legislature regarding a new law. The resolutions signed by Hal Woodside, as secretary, read as follows:

The West Plains Commercial club deprecates the fraudulent sale of stocks of merchandise in bulk, and out of the ordinary course of business, either by wholesalers or retailers, because such sales result (1) in financial loss to honest creditors; (2) in the creation of unfair competition in the sale of goods, both wholesale and retail; and (3) in the victimizing of the public.

This club has learned with surprise that Missouri is one of only eight states in the whole country which is without a law to prevent such fraudulent sales, and that the other forty states have passed and now have in force such laws.

This club respectfully petitions our legislature to enact a law to prevent fraudulent sales of merchandise in bulk and to safeguard the best interests of our honest business men and the people at large.

We urge other commercial clubs and all of the business organizations of the state to pass resolutions and in this petition to the legislature.

The newspapers of the state are hereby requested to (1) discuss the subject of preventing the commission of this kind of fraud; and (2) to urge upon the legislature early and favorable action.

In a letter to The Daily Democrat-Forum recently Secretary Woodside of the West Plains Commercial club said:

Forty states have already such a law, and we know such legislation has been beneficial. Wherever we

can rid a community of fraudulent business, legitimate business is put on a firmer basis, and the enactment of such a law as we are advocating will place our honest business man on a higher plane, and enable him to extend his credit. It will benefit the merchant himself, benefit the man he buys from, and enable him to extend greater benefits to his customers.

Missouri should not be behind her sister states in promoting the interests of our good citizens, and I know that you will agree with me that if we can do away with the "fly by night" dealer we will be rendering aid to our permanent and tried merchant that he will secure in no other way.

CONSERVATORY AND GLEE CLUB CONCERT

A concert of extraordinary merit will be given Wednesday night, February 22, at the First M. E. church, by the State Normal Glee club and students of the Conservatory of Music.

The Normal Glee club has over fifty voices and is now in excellent training, under the direction of Professor P. O. Landon of the Conservatory.

The music from the Conservatory will be piano numbers by students all the way from the primary department to the graduating class.

The program will begin at 8:30 o'clock, so that those attending prayer meeting services will have an opportunity to attend.

The program will be published in a few days.

BOUGHT OUT THE LEET FEED BUSINESS

H. P. Childress & Son have bought out the feed business and warehouse of Horace P. Leet and will now conduct a greatly increased business at their North Market street office. This firm is well known in our city and is well able to handle the big business that is now theirs.

TO ATTEND ASSOCIATION MEETING

Prof. V. I. Moore, athletic director of the Normal school, will attend the meeting to be held in St. Joseph Saturday of the principals of the high schools embraced in the Northwest Missouri Inter-High School association to arrange plans for their annual track meeting and essay contest this spring. Mr. Moore is corresponding secretary of the association.

The Maryville Normal meet will probably be held in the last week of April.

Mrs. James Purdy and little son, Harry Purdy, left Monday for her home at Brainerd, Minn., after a three months' visit with her parents, Mr. and Mrs. W. T. Lemon of North Maryville.

KANGAROO COURT

HELD AT ELKS' CLUB WEDNESDAY EVENING.

REUILLARD ACQUITTED

On Charge of Taking R. G. Sanders Turkey—A Turkey Supper Was Served.

The mock court, or kangaroo court, held in the Elks' club Wednesday evening was one of the most interesting entertainments yet given by that club. The court officers were Robert Crail, judge; Harry Irwin, court reporter; Harry Hudson, clerk, and N. C. Covey, sheriff.

Charges were recently filed by the Elks' club by H. L. Raines, Tom Parle and Joseph Jackson, Jr., against Frank P. Reuillard, accusing him of stealing a fine large turkey from the basement of the residence of Robert G. Sanders, on the evening of February 2. Mr. Reuillard appeared in the Elks' court to answer to the charge, and employed able attorneys in George Robb Ellison and Will F. Phares.

On the other side, or the prosecution, Fred P. Robinson and Edward E. Williams were looking after the case against Mr. Reuillard.

Many witnesses were examined by the state, and the evidence clearly showed that Mr. Reuillard was guilty of the charge. A handkerchief with the name of F. P. Reuillard, which was claimed to have been found in the basement of the Sanders home, and an apron with turkey blood on it were introduced by the state as evidence of guilt. Bloodhound testimony was also given by H. L. Raines and Joseph Jackson, Jr., who stated on the stand that the bloodhound of Raines' trailed the scent from the back door of Reuillard's bakery to the residence of Mr. Sanders, and also to the bakery again. Much enjoyment on the bloodhound testimony was had by the spectators. Another expert on the stand was Luther Forsyth, who testified that the blood on Reuillard's apron was that of a turkey.

For the side of the state, Mr. Reuillard took the stand and denied that he was the guilty party. He explained where he was on that evening. After Mr. Reuillard came Edward W. Keck, Dr. E. C. Braniger and Paul Sisson, who stated that they were with Mr. Reuillard on that eventful night. Mr. Sisson was fined by the court for contempt of court and his fine was assessed at a box of cigars.

No arguments were made by the attorneys to the jury, and after the jury had been out a short time they returned a verdict of not guilty and recommended to the court that H. L. Raines, Tom Parle and Joseph Jackson, Jr., be fined. The jury was composed of C. D. Hooker, G. A. Van-Steenbergh, Mayor A. S. Robey, Robert Snodgrass, Dr. Jesse Miller and Conrad Vohle.

After court was over a fine turkey supper was served in the basement of the club. We understand that one of the turkeys that was served was the one that was taken from R. G. Sanders.

and Mrs. I. W. Nixon, Mr. and Mrs. Arthur Ditto, Mr. and Mrs. A. C. Gann, Mr. and Mrs. Ward Beedle, Mr. and Mrs. R. S. Braniger, Hal T. Hooker and his mother, Mrs. C. D. Hooker, Mrs. C. D. Bellows, Mrs. George P. Bellows, Mrs. Frank Bellows, Miss Clara Bellows, Mr. and Mrs. David Mitchell and daughter, Miss Vida Mitchell, Mr. and Mrs. Cyrus Riggs, Mr. and Mrs. Walter Mutz, Mr. and Mrs. Guy Mutz.

Twentieth Century Club.

The general meeting of the Twentieth Century club at the Elks' club Tuesday afternoon was well attended, and an interesting discussion on civic improvement matters in connection with the Commercial club was held, after the instructive addresses on "Ventilation in Home and Public Buildings," by Mrs. Bernice Harris, and "The Fresh Air Cure," by Dr. A. T. Fisher. The discussion was led by Mrs. George P. Bellows. Dr. Vilas Martin, who was announced to give the address on the fresh air cure was unable to be present. A parliamentary drill by the president, Mrs. W. A. Rickenbrode, was conducted after the responses to roll call, anecdotes of Lincoln and Washington. The next general meeting of the club will be held March 14th, when "The Humane Society" will be considered.

Miss Donna Sisson and Mrs. Edward G. Orear, the committee appointed by the club to confer with the good roads committee of the Commercial club relative to the Twentieth Century club's contemplated offer of prizes for the best kept lawns and parkways on certain streets to promote civic pride, made report of their conference with President Sturm and Secretary Roseberry. The committee was assured of the hearty co-operation of the club in the matter, also in a weed cutting campaign, and also reported that the Commercial club would duplicate any prize below \$25 that the Twentieth Century club would give.

So the campaign for a beautiful Maryville is now on.

Dr. Fisher conducted a query along with his address on "The Fresh Air Cure," which contained several very interesting features. He said the skin was the lungs of the body, and that if deprived of fresh air the health was interfered with. The coal dust on the coal hauler's face was not nearly so injurious, he said, as the powder women persisted in wearing on their faces. It is said that all of the Twentieth Century club women sat up at this assertion of the doctor.

M. I. Circle Meeting.

Mrs. James F. Cook will be hostess to the M. I. Circle at its meeting on Tuesday afternoon, February 21, at her home, 804 South Buchanan street.

WILL STAY HERE OVER SUNDAY

The revival meetings at the M. E. church, South, still continue to grow in interest. The sermon of Evangelist Andrews last night on the experience of Jonah produced a profound impression upon the large audience in attendance. Two persons were led to surrender their lives publicly to Christ.

Rev. Andrews announced his determination to stay over Sunday.

The subject for Thursday evening's sermon will be "Hell—Where is It? What is It?"

NOTED BLOODHOUNDS TRAIL TO FUNERAL

The bloodhounds from Beatrice, Neb., used to trail Hex Rasco, followed a trail down near Plattsburg, Mo., Wednesday. They followed a trail from the ruins of a burned barn belonging to George Lehman, a farmer living near Turney, that county, to the home of a man named Benton and from there to a funeral a few miles away which Benton was attending. The barn was burned Saturday night and considerable live stock perished. The bloodhounds were secured from Beatrice, Neb., from Dr. Fulton.

FUNERAL SERVICES FRIDAY MORNING

The funeral services of the late Louis J. Gills, who passed away Wednesday morning at the home of his sister, Mrs. J. Q. Brink, at 703 South Vine street, will be held Friday morning at 11 o'clock, in the Presbyterian church at Graham.

Visited Parents.

Clyde Holmes of Boise, Idaho, was in Maryville Wednesday the guest of his father, D. S. Holmes, on West Second street. He left for his home Wednesday night, after a business trip to New York City.

Dr. Frank Wallis went to Kansas City Thursday morning.

TOWNSHIP ELECTION

TO BE HELD ON LAST TUESDAY IN MARCH.

OFFICERS TO BE ELECTED

Township Trustee, Collector, Assessor and Five Justices of the Peace to Be Elected.

The township election is to be held on Tuesday, March 28, and the officers to be elected for Polk township are as follows: One trustee, township collector, township assessor or clerk, two members of the township board, and five justices of the peace.

One candidate had already announced himself a candidate for the office of township assessor at the hands of the Democratic township convention. Ed F. Hamlin will be a candidate for that office. Mr. Hamlin has some experience in this kind of work, having assisted Assessor Fred Smith. He is well qualified and will make a good man for that position.

Fred H. Stephenson has announced himself a candidate for the office of township collector of Polk township.

Township conventions of the Democratic and Republican parties will not be held until probably a week before election day.

THE MARYVILLE FIREMEN'S BENEFIT

The benefit performance at the Fern theater tonight for the Maryville fire ladders is going to be good and more than worth the price of admission, 15 cents.

Miss Beese Scott will sing all the illustrated songs, and Rudolph Deschauer, the jeweler, will give the use of some of his best Victrola records as his contribution to the music, as follows: "Duo and finale," "O Sane Faciulla," by Melba and Caruso; "Rigoletto quartet, act 3, by Caruso, Sembrich, Scotti and Serinina; "Glow Worm," by Arthur Pryor's band; a selection by Harry Lauder; "Breezes of the Night," by Sousa's band; "Love's Dream After the Ball," by Pryor's band; Mary Irwin's Love Song; "Lynna! Oh, Miss Lynna!"

Mr. Ellis, the Fern theater manager, announces that he will use some of the best pictures he has yet shown in connection with tonight's program. They are: "A Fair Exchange," "The Silent Witness," "A Personal Matter," "On the Banks of the Zuyder Zee," and "Ranch Life in the Great Southwest—Throwing Long Hairs," absolutely the greatest western picture ever filmed.

This benefit is being given for the firemen by Mrs. Hannah Dooley and her daughters, Misses Mayme and Anna Dooley, who have paid Mr. Ellis for the use of his theater tonight, that they may give the entire ticket sale to the firemen, to recognize their fine service the morning the Charles Love drug stock was burned, which occupied the Dooley building.

DEATH OF LENOX WOMAN IN HOSPITAL

Miss Margaret McQuaig of Lenox, Ia., died at St. Francis hospital Wednesday night. She was about 40 years old. Miss McQuaig was brought to St. Francis for treatment two weeks ago, and a week ago underwent a surgical operation that was entirely successful. A sudden weakening of the heart developed in the last two days, from which she could not be rallied. Her father, Kenneth McQuaig, died four weeks ago. The body was taken to Lenox Thursday noon by Rev. Orth, Archie Turner and D. R. Grant, old friends of the McQuaig family, who arrived in Maryville Thursday morning to accompany the body home.

Located in Oklahoma.

Frank Bell, the well known young farmer, who has lived practically all his life on a farm five miles southwest of Maryville, left Wednesday with his household goods for Afton, Okla., where he will locate on a farm near there, and will be a neighbor to the family of D. W. Hull, formerly of near Maryville. Mrs. Bell and the children will leave in a few days for their new home.

Called Away by Death.

Mr. and Mrs. William Workman and their daughter, Mrs. John G. Thornhill, left Wednesday evening for Valley Falls, Kan., where they were called by the death of Mrs. Workman's brother, Rev. Samuel Weaver, an aged Baptist minister, who was widely known in that region.

Normal Appropriation.

In making up the appropriations for the various state institutions the appropriations committee at Jefferson City has applied the hard and unjust rule of per capita cost. Because the larger and older schools are able to show a less cost per pupil to the state, the committee will deny to the Northwest Normal the small amount necessary to enable it to compete successfully with the older institutions.

This is not an entirely unexpected obstacle, because we were warned by the legislative committee when here that this purely commercial view of the situation would be the one most difficult to overcome.

If a farmer has a barn built to house a hundred head of cattle, it is not difficult to see that he can take care of the whole number at a less cost per individual than he can twenty. Would a good business man deny feed and accommodations to the available eighty because he could not take care of the twenty as cheaply as the hundred?

Or suppose a merchant rents a large room and buys a stock of goods sufficient to accommodate five hundred customers per day. Then suppose he secures only enough fixtures and hires only enough clerks to take care of fifty customers per day and the others are turned away. Wouldn't the cost of operating his business be at a higher rate per cent than if he availed himself of his full opportunities? If he had the capital to do this, would any sane business man deny himself enough clerks and fixtures to care for his trade and to compete with others in the same line when he had customers available? Not in a thousand years.

This, it seems to us, is exactly the position the state assumes with reference to the Northwest Normal. It is in the best and most promising territory of any normal in the state, it has the pupils within reach to make a large and prosperous school, but it has been without a building and without equipment sufficient to accommodate a large number. The school has worked under many handicaps.

Now it has a magnificent building sufficient to shelter, light and keep comfortable 1,000 pupils as easily and cheaply as one dozen. All that is needed is apparatus to equip these splendid rooms and sufficient teaching talent. Without these this great building is a waste of money. Is it wisdom on the part of the great state of Missouri to put a quarter of a million dollars in a building and ground and then deny a paltry \$10,000 for teachers, or a mere \$5,000 for needed equipment?

About \$2,500,000 is given the educational institutions of the state, of which only \$12,000 is given the Northwest Normal. The management has been modest and asked for but little, and our people feel that it should at least have the conservative amount recommended by the legislative committee that came here and examined into the situation. There is a chance yet that the wrong may be corrected in the senate or by amendment, and friends of the institution should write members of both house and senate and endeavor to make the situation clear.

Representative Craig needs your help. He has worked hard and was hopeful that a liberal allowance would be made. All the Northwest Normal wants is a chance to grow. It is a healthy youngster in short pants. With the attendance expected next year and the appropriation now promised it will look like an 18-year-old boy in curls and knee breeches. Let us have at least one suit of decent length.

Left for Baltimore.

Mrs. Charles P. Luce left Wednesday night for Baltimore on a visit to her daughter, Miss Cornelia Luce, who has charge of the domestic science department in a social settlement school of that city. Mrs. Luce will also visit friends in Washington, D. C., and on her return trip will stop at Lafayette, Ind., to visit her son, Arthur Luce, who is a student at Purdue university.

Mrs. W. J. Staples went to St. Joseph Thursday morning to spend the day on millinery business.

FELL FROM WIRES

E. NEWTON COMES IN CONTACT WITH ELECTRIC CURRENT.

THREW HIM TO GROUND

Physicians Did Not Expect Him to Survive the Night, But He was Improved This Morning.

Earl Newton, a young lineman for the Skidmore division of the Bell telephone company, while working with that line into Maryville on a South Main street pole Wednesday afternoon, came in contact with an electric light wire, receiving such a charge of electricity that he is now in a critical condition at St. Francis hospital.

Several persons were on the street near the Presbyterian church, where he was working. Their attention was called to him by an agonized groan. They saw his head fall backward as though his neck was broken, then his whole body stiffened and fell to the walk below.

He was at once carried to the office of Dr. Vilas Martin, just across the street, and in about seven minutes a bad hemorrhage of the lungs came on. Dr. Martin summoned the ambulance at once and Mr. Newton was being attended in St. Francis hospital in less than thirty minutes from the time he fell.

There is no telling how many volts of electricity the man received in his body. The physicians did not expect him to live until midnight, but he was better Thursday morning, though still in a critical condition.

Mrs. Newton and their little child arrived from Skidmore Wednesday evening.

Mr. Newton was inexperienced in working on lines with electric light wires, and Manager Will Jones and Construction Manager Peele say that their men on the Maryville lines never work on a line with an electric light wire on the same pole unless the current is turned off. It is a risk too dangerous for the most experienced men to undertake.

Both telephone and electric light men of our city are opposed to having their wires on the same poles.

Mr. and Mrs. Ernest Andrews of Shenandoah, Ia., were in Maryville Wednesday the guests of Mr. Andrews' parents, Mr. and Mrs. Clark Andrews, and the family of his brother, Ed L. Andrews.

LIST OF SENATORS AND REPRESENTATIVES

The list of the senators and representatives of the Northwest Normal district are:

Senators—Thomas J. Lysaght, Josiah W. Peck, James E. Ford, William G. Busby, Francis M. Wilson.

Representatives—Andrew county, J. P. Cooper; Atchison, John M. Bailey; Buchanan county, first district W. S. Willard, second district John E. Webster, third district Harry C. Yates, fourth district, George T. Claiborne; Caldwell county, Sidney D. Frost; Carroll county, Judson B. Hale; Clay county, David A. Sharp; Clinton county, Harry T. Herndon; Davies county, Floyd S. Tuggle; DeKalb county, John H. Kimmett; Gentry county, John H. Burgin; Grundy county, V. O. Hobbs; Harrison county, Freeman J. Hesselstine; Holt county, Hosea B. Lawrence; Livingston county, E. C. Orr; Mercer county, John T. Cook; Nodaway county, Anderson Craig; Platte county, James H. Pull; Ray county, Edward L. Wilford; Worth county, James C. Lutes.

It would be very helpful for a large number of persons to write personal letters to the above urging the great importance of an appropriation of \$75,000 for salaries for the biennial period and \$15,000 for the equipment of all departments of the Northwest Normal school. The committee has already recommended \$65,000 for the former and \$11,600 for the latter. So this is asking an increase of only \$3,400, which will mean very little to the state, but will be of vital importance to the Normal school. Now is the time for everybody to get busy and secure this additional appropriation. Especially would it be well for a large number of people to write Mr. Craig, our representative, urging this appropriation, so that it will enable him to present the matter in the house with greater effect.

Never before in the history of occult science has a seeress of her remarkable powers visited this city. Madame Arnold stands alone, the brilliant star of her profession, and desires to be measured by no other standard than her own.

Don't fail to consult this gifted clairvoyant and palmist. Madame Arnold is located in her private parlors, at 294 West Fourth street. If you are worried about business or other important affairs, do not fail to consult this wonderful medium. She has helped thousands, why not you? Do not compare her with the ordinary clairvoyant or palmist, for she does what others claim to do.

Most Convincing Testimonial.
The New York World says: "Madame Arnold has returned from Europe and we are glad to have her with us once more. Cleiro as a palmist is indeed second to Madame Arnold, the Eastern Clairvoyant and Psychic Palmist. All should have Madame Arnold read for them."

Testimonials of Prominent People.
(Published by special permission.)
Mme. Shumann-Heink says: "I was greatly surprised to find how many of your warnings were well founded and having been prepared for the same I was not taken unawares."

your reading was most marvelous." Papinta, actress, writes and says: "Everything has turned out just as you predicted when reading my life. You are wonderful and I cannot express myself of what I think about your wonderfully true readings."

Dr. Alex J. M'ivor-Tennison says: "Your work along the lines of Clairvoyancy and Palmistry is highly spoken of on all sides." She is different from the ordinary fortune teller who attempts to imitate her and her wonderful work in reading the lives of people from infancy to old age, in detailing, revealing facts, names, dates and figures concerning yourself or those you are interested in, though many miles away. As you sit and wonder, this marvelous medium will reveal the facts of importance to you. Do not class her with the cheap pretenders. A visit to her will convince you that she is all she claims—the peer of all mediums and life readers in America.

BANISH THOSE GRAY HAIRS!

Kill the Dandruff Germs—Stop Hair Falling

Thousands of mothers are looking younger. Their gray hairs are gone. The natural color has come back, and with it a new growth of soft, glossy, luxuriant hair. Why should you look old before your time, when you can look years younger by using

**WYETH'S
SAGE AND SULPHUR
HAIR REMEDY**

Dandruff Cured

Three applications removed all the dandruff and left my scalp clean, white and smooth.
Wm. Croak, Rochester, N. Y.

Restores Gray Hair to Natural Color

If other "so-called" Restorers have failed, don't give up hope, but give WYETH'S SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk, if it is not exactly presented, your money will be refunded.

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored

"My hair was getting quite gray and falling out rapidly. I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes. I kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. All of my friends want to use it, and I want to know what you will charge me for six bottles of it."
MISS E. A. ROSS,
Sharon, Mercer Co., Pa.

Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

SUNNY MONDAY Laundry Soap contains a wonderful dirt-starter which saves half the rubbing. It will double the life of your clothes. Its real virtues may not be apparent the first time you use it. You have perhaps been washing your clothes with a heavily-rosined soap, and it will take some time for Sunny Monday to undo what the rosin soap has done. But after three or four washings you will notice a decided difference in the whiteness of your clothes.

Sunny Monday will not shrink your flannels.

Sunny Monday will not make your woollens harsh and "nettley."

Sunny Monday will not fade your colored goods.

Golden Gate Coffee AGAIN

We have surprised ourselves on the sale of this coffee.

After two weeks sale on Golden Gate Coffee, we do not hesitate to say that our 25c Coffee is as good as any you ever bought at this price, notwithstanding the very sharp advance in prices. Many roasters have lowered the grade to meet the price.

Golden Gate Teas, Spices and Extracts carry the same high grade as the coffee.
